

To: Whom it may concern

Reminder

Subj.: IMO Labels for hazardous cargo Curaçao, Neth. Antilles, 28 October 2010

Dear Sir or Madam:

Recently we have received the instruction from our principals to draw your attention to the following; the IMO labels on the containers which contain(s) (ed) hazardous cargo.

When you receive an import container with hazardous cargo, and the container is labelled accordingly, please remove the labels after the discharge of the container. If the container is brought back to CPS with the labels on them, CPS will remove them, with the costs for account of the client/importer.

Please inform the persons within your organisation accordingly.

We trust to have informed you adequately.

With best regards,

Dammers Group.
