The increase in the bunker prices since the start of 2018 has been higher than expected, currently floating around a 20% increase YTD - the highest level since 2018. Regretfully, StreamLines can no longer continue to absorb these incessant increases in bunkers.

Accordingly, StreamLines will introduce an Emergency Bunker Surcharge (EBS) & Emergency Low Sulphur Surcharge (ELSS) that will ensure our customers continue to receive the best in class fast, direct and dedicated shipping and logistics solutions your business activities demand. The EBS & LSS will be applied across all StreamLines trades, as from June 1, 2018.

**The rates to be applied will be as follows:**
